## SULFUR

powered by  
**Gripp**

### GENERAL INFORMATION

DRONEZONE™ SULFUR is specifically formulated for foliar delivery of sulfur. Sulfur is important for chlorophyll formation, nodulation, enzyme activation, and S-containing amino acids.

### RATE RECOMMENDATIONS

#### FOLIAR APPLICATION

**Field, Row, Vegetable and Vine Crops:** Apply ½ - 4 quarts per acre per application throughout the growing season. More frequent applications at 1 - 2 pints per acre may be needed to correct deficiencies once they occur.

#### SOIL APPLICATION

**Field and Row Crops:** 2 - 4 quarts per acre banded either as a stand alone or in combination with liquid NPK starter fertilizers at planting or as a side-dress during the season.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and general health. For best results, follow soil/tissue test recommendation.

### MIXING AND HANDLING

#### INSTRUCTIONS

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

### PRECAUTIONARY STATEMENTS

Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling.

### GUARANTEED ANALYSIS:

Total Nitrogen (N) .....	8.0%
0.14% Urea	
7.86% Ammonical nitrogen	
Sulfur (S) .....	17.0%

*Derived from urea and ammonium thiosulfate*

### STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of contents/container in accordance with local regulations.

LIMITED WARRANTY. GRIPP warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use.
